

## What is the Parents Association?

The Association builds and encourages a strong and supportive parent community and provides a network of communication between parents, faculty, and administration, to keep administrators and parents informed, and to give parents a voice in the life of the school. The Association fosters volunteerism and supports the School’s fundraising efforts.

## PARENTS ASSOCIATION COMMITTEES

**Education:** Stay abreast of education issues and provide feedback and suggestions on the academic experience.

**Community Life:** Support programming to engage students and parents and foster school spirit

**Community Relations:** Facilitate two-way communication between administration and the parent/guardian community

**Fundraising:** Foster philanthropy to support academics, program enrichment, and the overall school experience

**Recruitment:** Support recruitment of new students by bringing parents into the admissions recruitment process and outreach to newly enrolled families
