Returning families applying for financial aid must submit a new PFS every year. As a courtesy to returning families, Doane Stuart invites you to file early for financial aid. The deadline to submit the 2023-24 PFS is December 16, 2022. In addition to submitting the 2023-24 PFS, we also require that families upload their 2021 tax returns and W2s to the SSS portal. *Aid for current families who do not apply by the December 16th deadline will be considered along with the larger pool of new applicants for the 2023-2024 school year.* The Financial Aid Committee will review applications and include grant awards in the re-enrollment packets that will be emailed out in February, 2023.
